Non-competitive Selection

This contract is in the best interest of the State. State agencies and Tennessee counties are eligible recipients. Each of Tennessee's ninety-five counties is assigned to one of eleven Homeland Security Districts, all of which participate in the State Homeland Security Grant Program. The Homeland Security Council meets with the Governor to recommend allocations. The Homeland Security Council is briefed on the grant specifics and determines allocations of funding to Homeland Security Districts based on population, risk and need. Funds are allocated to the State's eleven Homeland Security Districts. Each District Council determines the projects and the associated funding to each county within the district based on that predetermined need and risk. The specific criteria used in making award determinations are risk and effectiveness of use of funds and correlation with the State of Tennessee's Homeland Security Strategy. Risk, need, and vulnerability are determined by the Department of Homeland Security (DHS), in concert with the Federal Bureau of Investigation (FBI) and the Central Intelligence Agency (CIA). Effectiveness of use is determined by the collective leadership of the Homeland Security Council and the eleven Homeland Security District Councils.

Budget Officer Confirmation: There is a balance in the appropriation from which obligations hereunder are required to be paid that is not already encumbered to pay other obligations.
